I have completed Masters (Mechanical-Production) from Walchand College of Engineering Sangli (2008). For my M.E. dissertation, I worked in the domain of Non-Conventional machining (EDM-process) under the guidance of Prof.Dr. M.Y.Khire in WCE sangli. Currently I am pursuing my Ph.D work in the nonconventional machining under the guidance of Prof.Dr.U.A.Dabade.

I teach advanced joining technology and micromachining and. I believe knowledge is worthless until we implement it or share it so trying to implement through various project and academic activities.

My current research areas are Non-conventional machining, Micromachining, Mechatronics and Automation .
